

Partner Zone Member Registration Guide

New Website Login Instructions

- ◆ Account Security Protection

To protect your account security, when the entered information does not match, please check that your email address and password are spelled correctly and that the capitalization is correct.

- ◆ Forgot your account or password?

If you are unsure whether your account exists or need to recover your password, please click “Reset Password” below.

All Members Must Reset Your Password or Register again

- ◆ To all respected members, please use your personal email address to reset your password.
 - ◆ Due to new system will change the user name to your personal email, there will be no co-shared account name via the same company. Please invite your colleagues to register via their own email address.
 - ◆ Due to the new user name switch to email address, we sincerely invite you to apply new account or reset your password via your registered email address.
